- Paintball Village is committed to the highest degree of field and equipment maintenance, but as with all things mechanical, equipment does breakdown at times. It is very rare when the facility is closed for repairs, but if/when that occurs, there is no substitution of attractions.
- Paintball Village can operate through most inclement weather, but it is our policy to temporarily close the field when conditions (i.e. lightening) threaten our guests and team members. There is NO substitution of attractions when this occurs. Certain weather conditions (i.e. heavy or steady rain or snow, high winds, temperatures below 20 degrees or higher than 90 degrees) may cause management to close the field early or NOT OPEN AT ALL.
- Acts of God (i.e. floods, lightening, tornados, etc.) and circumstances beyond Paintball Village's control (power outage, disruption of water, natural gas leak etc.) are not reasons for substitution of attractions.
- Bearer of this pass accepts all inherent risks associated with attractions. Failure to observe rules and regulations can result in forfeiture of all rights associated with Season Pass.
